Why Intercultural Institute of Japan?

【Japanese classes】

Japanese classes are held in the weekly course. The weekly course is strongly focused on **oral communications** which you want to use in everyday life. Students are from many different countries and you will enjoy cultural exchange with using Japanese that you have been taught in class.

Only IJ has a weekly curriculum!

【July features】

If you want more free time during your stay, "Standard" is for you to choose. If you want more activities that you can't experience alone, "Deluxe" is for you. IJ is the only Japanese language school that provides an overnight trip.

【August features】

Not only "the Japan" activities but also unique activities such as Japanese companies and museums. IJ is the only school that provides a full-month summer course in August!
